* Person trips for Canadians include day trips and overnight trips. Person trips for residents of the USA and other countries are based on trips where 1+ nights were spent in the province.

** 2005 data for Canadian provinces are estimates, 2005 international data are confirmed (actual).

Due to a change in methodology in data collection by the Canadian Travel Survey, total person visits for 2000 and subsequent years are not comparable to previous years. In 2005, the Canadian Travel Survey was replaced with the Travel Survey of Residents of Canada.
